

Specifications		
Number of input points	8 point, individually isolated wet contact	
Rated load voltage	24 VAC, 50~60 Hz	
Max. load voltage	280 VAC	
Max. load current	2 A/pt	
Max. 1-cycle peak current	30 A	
Min. leakage current	5 mA	
Response time	OFF→ON	1/2 cycle less 1ms
	ON→OFF	Less than 1/2 AC cycle
Max. voltage drop at ON circuit	1.5V (rms)	
Common terminal arrangement	8 points/independent	
Fuse	none	
Internal current consumption	200 mA	
Error Display LED	LED goes ON when no external power	
Operating indicator LED's	ON state is indicated	
External Connection	20-pt. terminal block connector, max. wire size #14 AWG	
Weight	370 g
